PRASAD
ROADS & INFRA PVT. LTD.
Empowering Infrastructure

Complete Infrastructure Solutions

From excavation and earthwork to road construction and aggregate production, we provide end-to-end project execution capabilities.

Modern Equipment Base

A large fleet of owned machinery ensures operational efficiency and project control.

In-House Material Production

Ownership of a stone crushing plant enables assured quality and uninterrupted material availability.

Experienced Leadership

Strong management and technical expertise ensure successful project delivery.

Quality & Safety

We adhere to stringent quality control procedures and industry-standard safety practices.

Timely Execution

Efficient project planning and resource management help us meet client timelines consistently.

VISION

To become a leading infrastructure development company recognized for excellence in road, railway, and industrial infrastructure construction while contributing to India's growth through quality engineering and sustainable development.

MISSION

- Deliver world-class infrastructure projects with superior quality.
- Maintain the highest standards of safety and environmental responsibility.
- Invest continuously in modern technology and equipment.
- Build long-term relationships based on trust, integrity, and performance.
- Support national development through reliable and sustainable infrastructure solutions.

Our Commitment

Prasad Roads and Infra Private Limited is committed to delivering infrastructure solutions that create lasting value for clients, communities, and the nation. Through advanced machinery, skilled professionals, quality materials, and a customer-focused approach, we strive to build projects that stand the test of time.

Building Infrastructure for a Stronger Tomorrow

Prasad Roads and Infra Private Limited is a professionally managed infrastructure development company engaged in the execution of **Road, Railway, Industrial, Commercial, and Private Sector Infrastructure Projects** across India. With a commitment to engineering excellence, quality construction, and timely project delivery, the company has established itself as a reliable partner in the infrastructure sector.

The company possesses a strong fleet of modern earth-moving and road construction machinery and operates its own stone crushing and aggregate production facility, enabling complete control over project execution, quality, and resource availability.

Backed by experienced leadership, skilled manpower, and advanced equipment, Prasad Roads and Infra Private Limited is capable of undertaking projects of varying scale and complexity while maintaining the highest standards of safety, quality, and operational efficiency.

Our Core Business Areas

Road Infrastructure Development

Prasad Roads and Infra Private Limited undertakes comprehensive road construction projects including:

National Highways

State Highways

Rural Roads

Urban Roads

Industrial Roads

Internal Roads for Industrial Parks

Road Widening and Rehabilitation

Flexible and Rigid Pavement Works

Drainage and Ancillary Road Infrastructure

Railway Infrastructure Works

The company actively participates in railway infrastructure development projects including:

- Railway Earthwork
- Formation and Embankment Works
- Track Bed Preparation
- Ballast Supply and Handling
- Railway Access Roads
- Excavation and Filling Operations
- Railway Yard Development
- Infrastructure Support Works for Rail Projects

Industrial & Private Sector Infrastructure

We provide complete infrastructure solutions for:

- Industrial Parks
- Warehousing Facilities
- Logistics Parks
- Manufacturing Units
- Commercial Developments
- Township Infrastructure
- Site Development Projects
- Land Grading and Leveling
- Internal Road Networks
- Utility Infrastructure

Construction Capabilities

The company provides integrated services covering:

Earthwork & Excavation

- Mass Excavation
- Cutting and Filling
- Embankment Construction
- Land Development
- Site Preparation

Road Construction

- Subgrade Preparation
- GSB Construction
- WMM Works
- Asphalt Pavement Works
- Concrete Pavement Works
- Road Maintenance and Rehabilitation

Material Supply

- Crushed Aggregates
- Stone Dust
- WMM Material
- GSB Material
- Crushed Sand
- Blanket Material

Stone Crushing & Aggregate Production Plant

One of the key strengths of Prasad Roads and Infra Private Limited is its ownership of a modern **Stone Crushing and Screening Plant**, ensuring uninterrupted supply of quality aggregates for infrastructure projects.

Products Manufactured

- GSB Material
- WMM Material
- Stone Dust
- Crushed Sand
- 6 mm Aggregate
- 10 mm Aggregate
- 20 mm Aggregate
- 40 mm Aggregate
- Railway and Construction Grade Aggregates
- Blanket material

The plant is designed to deliver consistent production, superior quality, and timely supply for road, railway, and industrial infrastructure projects.
